### S2 Reports Session 2018/19

Dear S2 Parent/Carer,

Banchory Academy reports to parents are intended to track and monitor the progress of pupils across the session. This is the second and final S2 report this Session.

***Please note that due to staffing issues, we are unfortunately unable to provide reports for Miss Heidi Jamieson's RMPS classes, and Mr Paul Mather's Geography classes.***

This report provides you with information on effort, behaviour and homework (where appropriate).

Our aim is to ensure that you are informed of any issues regarding progress and effort at an early stage so that you can work in partnership with us to improve progress.

Most report formats available to us include a parental feedback sheet, but where this is not the case, we welcome feedback from parents via telephone call or email.

I would also like to remind parents that Guidance staff or the Senior Leadership Team can be contacted at any time during the school session should you have any concerns regarding your child's progress.

Yours faithfully,

Judith Wight  
Rector
