S2→S3 Course Choice for Session 2017/18

Dear S2 Parent/Carer,

At the S2 Choice Information Evening last night (8th February), a question was asked regarding the progression of each subject in the Senior School.

As I mentioned at the meeting, whether we can offer a Higher or Advanced Higher course in the senior school will depend on many factors, including student uptake. At this stage, we can't guarantee which subjects will be offered at Higher/Advanced Higher Level when the current S2 get to that stage. Having said that, we do have a large uptake for a number of course and I thought it might be useful for you to see which courses **are** running at Higher Level in the school **this year**. They are:-

English	French	Mathematics
Biology	Chemistry	Physics
Business Management	Geography	History
Modern Studies	Art & Design	Drama
Music	Computing Science	Design & Manufacture
Graphic Communication	RMPS	Spanish

I hope you find this information useful. Please get in touch with me if there is anything else I can help with.

Yours faithfully,

Scott Phimister
Depute Rector
